SLOSS-CASE LAND CO.

Deming, N. M.
We advertise Bargains Only.
An ideal home can be made on one of those 10 or 20 acre plots adjoining Deming townsite on the south. The land is smooth and fertile, and specially adapted to the raising of pears, apples, peaches, cherries and grapes. Celery, onion and potatoes yield from \$250 to \$500 per acre. One man near Deming this year raised 157 turkeys without a loss. You can do the same on one of those 10 acre plots and at the same time have the conveniences enjoyed by the town folk. Our prices are \$75 per acre, which is \$25 per acre less than any land in the same locality, and we will not argue with you about the terms of payment. Let us send you a report outlining existing condition in Mimbres valley.

FORTY-NINE ENTER

IN AVIATION RACES

Fish Arrested For Speeding

His Aeroplane in

Town of Auto.

Los Angeles, Cal., Jan. 20.—The third international aviation meet to be held in Los Angeles began today and will continue nine days. Forty-nine aviators are here to take part.

The meet began with a parade in which the evolution of transportation and locomotion methods for a century was shown.

The program for the first day comprised is events including a "man hunt" in aeroplanes, hunting pieces in the air and a sham battle.

The racing events included a five mile handicap, a 19 mile free for all, and races between aviators representing different nations. In addition there was an altitude contest between Phil U. Parmelee and Lincoln Beachy, the latter holder of the American altitude record.

The distinction of being the first aviator ever arrested for speeding his aeroplane, was heaped upon Farnum T. Fish, while on the way from this city to the aviation field.

Fish had an engagement to fly early this morning, but his machine along in tow of a powerful automobile when he was halted by a motor-cycle policeman. The officer charged that Fish was making 40 miles an hour and ordered him into court on Monday.

Height Record Broken.
Paris, France, Jan. 20.—The height record for an aeroplane carrying three persons was broken today at Senlis, department of the Oise by the aviator John Verrault, who, carrying passengers in his monoplane, attained an altitude of 1075 meters (3525 feet).

PITTSBURG CONTROVERSY

OCCUPIES MINERS' MEET

Indianapolis, Ind., Jan. 20.—The controversy between the Gibbons and the Feehan factions of the Pittsburgh district occupied the United Mine Workers nearly all day. Francis Feehan, president of the district, protested the seats of Robert Gibbons, Abe Keppart and James Sartin, on the ground that they have been expelled from the union and had not been reinstated. Gibbons and his associates sought to have the convention restore them to full rights and recognize them as delegates.

It was not expected a vote would be reached till the close of the session.

4 Big Reasons Why Your Home Should Be In Grandview Addition

Home Value

A personal inspection of Grandview is a sure cure for skepticism as to its healthfulness, beauty and present desirability as a residence section.

Visible Growth

A trip through Grandview to see the dozens of homes already built will quickly dispel any doubt you may have had as to its rapid and substantial growth.

Earning Power

A knowledge of the demand for rent houses in Grandview will quickly wipe out all uncertainty as to the present earning capacity of lots there if improved.

Assured Profit

An investigation of the development under way in Grandview territory will convince you that a great increase in the value of the lots is assured beyond question.

We confidently make this assertion: As suburban residence sites, within reach of all there is not in the vicinity of El Paso anything that can compare with Grandview. Terms are \$10.00 down and \$5.00 a month.

"REPUBLICANS, PAY POLL TAX!"

One of the Party Leaders Suggests Possibility of Active Campaign.

"Every good citizen," said postmaster J. A. Smith today, "should pay his poll tax, regardless of party, but especially should every Republican pay his poll tax. In the first place, unless he pays his poll tax he cannot have any voice in the selection of the presidential candidate next summer, and it is important that he should have. In the second place, with the lively local fight in the Democratic ranks in the county, there is no doubt that whoever wins in the primaries, their opponents will be sore enough to give to a Republican or independent ticket in November support enough that with a solid front of the Republican strength, if all paid their poll taxes, there would be a good show to win."

"My opinion of the local situation is that there is to be a fight to a finish between the office holding Democrats who have been able for many many years to continue themselves in power and dictate who should hold office with them, and the opposition who will have the influence of the Alderete family and their friends, who are legion, to help them overthrow the old crowd. The tricks of trade used in previous campaigns are well known to like, and he will turn them to profit in the coming primaries."

G. H. AND SOUTHWESTERN

TRAINS RUNNING LATE

The bridge at Alpine which was burned out Thursday night, held up nearly all of the (S. H. train of Friday for several hours, as it had not yet been repaired. The bridge has been fixed up, however, and Friday's trains began arriving Saturday morning.

The Golden State Limited and other Southwestern trains from the east are still being delayed several hours each day on account of the cold weather.

On Behalf of Your Eyes

If you need glasses you naturally demand the services of an optician who has made a specific study of the science of fitting glasses, just as when you have need of a physician or other professional man, you demand that he be one of broad education in his line.

Our examining optician has been fitted for his work by a thorough course of study of several years in the New York Institute of Optometry, now a part of New York State University, from which he holds the degree of Doctor of Optometrical Science, and has had years of actual experience in examining eyes for glasses here in El Paso and elsewhere. We are specialists in the fitting of glasses and if your eyes require treatment, you will be referred to your physician.
